

We combine exceptional efficiency with **real value for money.** Our focus is on **customer satisfaction.**

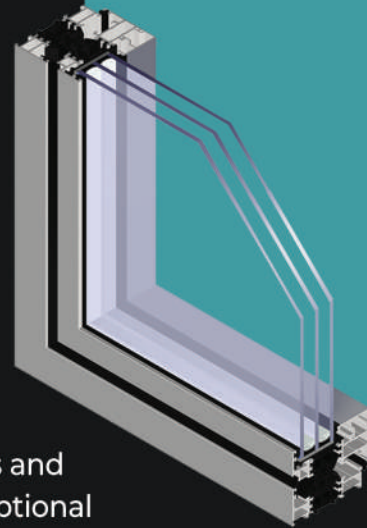

# Triple-Glazed Products

We supply high-quality custom-made aluminium windows and doors. All of our products are triple-glazed, giving you exceptional energy efficiency and noise reduction. Triple glazing is generally considered to be more environmentally friendly than double glazing. Our goal is to meet customers' needs efficiently and effectively.

# Aluminium Doors

Our aluminium doors boast outstanding weather and thermal performance and will keep you warm and secure, no matter the weather. All of our aluminium doors are designed with slim frames and a large glass surface. This allows more natural light into your home and will brighten and make it see more spacious. Aluminium is a practical material that needs very little maintenance, it is easy to clean and won't rust, peel or flake.

# Aluminium Windows

Aluminium is a very versatile material with many properties that make it a great material for doors and windows. Aluminium is extremely lightweight, whilst being incredibly strong at the same time. It is highly durable, needs minimal maintenance and retains its appearance for decades. If that wasn't enough, it is anti-stain, resistant to corrosion and malleable so it can be shaped into different designs easily.

## Aluminium Garden Pergolas

When it comes to aluminium pergola London, our experience and expertise cannot be beaten. Whether you want a pergola with roof panels, an aluminium pergola, or any other terrace from which to enjoy your garden, we've got you covered. Using only the best materials, eco-friendly innovations, and a firm dedication to customer satisfaction, we guarantee you'll be pleased.

## Car Ports

Carport is a modern parking space. It is a solid, fixed roofing that protects your car from the sun, rain, wind and snow. The minimalist form, aesthetically pleasing finish, with no visible fixings and a choice of colours allows the Carport to fit into any environment.

# WHAT OUR CLIENTS SAY?

I have recently had aluminium french doors installed within my home, and I am pleased with the quality of the doors, they look amazing. The installation process was also good. The installers were polite and efficient. I recommend this company.

— WALTER RIVERA

Aluminium sliding patio doors were installed in my new extension. They fill the room with light and open straight into a patio area. I was impressed with the service I have received from this company, excellent from start to finish.

— PAULA ALLEN

This company actually cares about their customers and makes sure that everything was done strictly to clients expectations. I have already recommended them to several of my friends and family. 5-star service, I couldn't be more satisfied. I highly recommend them!

— BENJAMIN COLLINS
